

Union
contractors
cut lumber,
not corners.

When it comes to things like taxes, health care, wages and workman's comp, union contractors follow the law. Some contractors don't. They cut corners on taxes and wages.

They don't offer health insurance or retirement benefits.

Who makes up the difference? We all do – in higher taxes and insurance rates. In fact, last year unscrupulous contractors caused tax and insurance losses amounting to hundreds of millions of dollars. So make sure you hire union contractors. They do it right.
